Online Georgia*FIRST* Training

AM Course 1: Introduction to Asset Management

Session Description:

This is the first online course in the Asset Management section. This course is a basic introduction to the Asset Management module in PeopleSoft Financials. In this course, you will be introduced to how the AM module functions in PeopleSoft, the basics about Asset Management, the lifecycle of an asset, and how the AM module works with other modules in PeopleSoft Financials. In order to listen to the audio portions of this course, headphones are required.

To enroll, complete the **Online GeorgiaFIRST Training Enrollment Form** and email to helpdesk@usg.edu. Once enrolled, you will receive login and course access instructions.

Objectives:

- Identify the purpose of the Asset Management Module
- Define common terms regarding Asset Management
- Identify Asset Categories
- Define the lifecycle of an asset
- Review how the Asset Management Module works with other PeopleSoft Financials modules

Lessons:

- Lesson 1: Introduction to Asset Management
- Lesson 2: Basics of Asset Management
- Lesson 3: Asset Lifecycle
- Lesson 4: Asset Management Integration with Other PeopleSoft Financials Modules

End-of-Course Evaluation:

- In order to receive credit for this course, you must pass the end-of-course evaluation, with a score of at least 70% (105 out of 150). Upon successful completion, you will receive your certificate of completion via email.

Training Hours:

- 1.0 Training Hour

Prerequisites:

- None

Course Number:

- PSFINAM10-008
