7.3.1.1 Definitions

Tuition

Tuition shall be defined as payment required for credit-based instruction and related services and shall be charged to all students. Tuition rates for all USG institutions and programs shall be approved annually no later than the May meeting by the Board of Regents to become effective the following fall semester. Exceptions to this requirement may be granted upon recommendation of the Chancellor and approval by the Board of Regents.

Tuition for both undergraduate and graduate students enrolled at a USG institution shall be charged at the full rate for students enrolled for fifteen (15) credit hours or more, and at a per credit hour rate for students enrolled for less than fifteen (15) credit hours, effective July 1, 2009. Graduate tuition will be charged at the full rate for students enrolled for twelve (12) credit hours, and at a per credit hour rate for students enrolled for less than twelve (12) credit hours (BoR Minutes, June 2009). Distance education courses and programs as defined in Section 7.3.1.6 of this Policy Manual may be exempted from this policy and charged on a per credit hour basis.

Further, a "finish-in-four" tuition model that provides for a flat tuition based on fifteen (15) hours a semester will be charged at University of Georgia, Georgia Institute of Technology and Georgia College and State University for all undergraduate students taking in excess of six (6) hours, to encourage students to graduate in four (4) years. Students taking six (6) hours or fewer will pay a flat rate that will be lower than the 15-hour rate. The "finish-in-four" model is effective July 1, 2009, for University of Georgia and Georgia Institute of Technology and July 1, 2011, for and Georgia College and State University.

A "finish-in-four" tuition model that provides for a flat tuition based on fifteen (15) hours a semester will be charged at Georgia Regents University for all undergraduate students taking ten (10) hours or more.

Students enrolled at Georgia Regents University taking less than ten (10) hours will continue to be charged tuition on a per-credit-hour basis. Students jointly enrolled in high school and at the University of Georgia, Georgia Institute of Technology, Georgia College and State University, or Georgia Regents University under the Accel program will continue to be charged tuition on a per-credit-hour basis.

Students enrolled during the summer semester at the University of Georgia, Georgia Regents University and Georgia College and State University will be charged tuition on a per-credit-hour basis during the summer semester (BoR Minutes, April 2013).

In-State Tuition

In-State Tuition shall be defined as the rate paid by students who meet the residency status requirements as provided in Section 4.3 of this Policy Manual.

Out-of-State Tuition

Out-of-State Tuition shall be defined as the rate paid by students who do not meet the residency status requirements as provided in Section 4.3 of this Policy Manual. Out-of-state tuition at all USG institutions shall be established by the Board, taking into consideration: (1) out-of-state tuition rates of peer or comparable institutions, and (2) the full cost of instruction. The annual increase in the out-of-state tuition amount must be at least equal to the dollar increase amount in in-state tuition.

~~**Guaranteed Tuition Rate**~~

~~The **Guaranteed Tuition Rate** shall be defined as the rate paid by students enrolled in a USG undergraduate program who entered the USG for the first time as new students or as transfer students between fall 2006 and~~
