Dear Dr. Zinsmeister:

I have received your request to establish a new Regents Advisory Council for USG retirees. The proposal has been thoroughly reviewed and I am happy to inform you that I am approving the establishment of a USG Retiree Council (USGRC).

Based on the attached description of the Council I believe that an official body of retired USG faculty and staff will be an asset to the University System. Please work with Marion Fedrick, Vice Chancellor for Human Resources and Linda Noble, Vice Chancellor for Academic Affairs, to move forward with establishing the Council.

Thank you for your continued leadership in the University System of Georgia.

Sincerely,

Henry M. Huckaby
Chancellor
