Dr. Michael Savoie – Valdosta State University

The meeting was called to order by Dr. Hall

- Dr. Hall presented a brief overview of the Honors RAC. As incoming President of GCHC, it was the consensus that Dr. Hall will assume the chair position of the Honors RAC.
- Dr. Savoie added information regarding the history and rationale for establishing the Honors RAC. He also drafted bylaws that were presented to the group.
- As a draft proposal, the bylaws need revisions and clarifications to align with the GCHC. Dr. Morton also pointed out that the RAC structure must address the needs of non-USG members of the Honors community who are current members of GCHC.
- Dr. Savoie expressed a concern that the quorum was not met to finalize the revisions and approve the bylaws.
- Dr. Hall and Savoie recommended sending out the document to GCHC members to make recommendations for revisions to be voted on at the next meeting.
- Dr. Ticknor proposed to hold a fall directors retreat to finalize the RAC document. It was discussed that a fall retreat in a central state location would be best, and it has been long overdue. The fall directors retreat had been a regular meeting pre-COVID.
- Dr. Ticknor also agreed to assist with coordinating the directors’ retreat with Dr. Hall, Dr. Morton, and Dr. Savoie.

The meeting was adjourned at 1:40 pm
